

30th Annual Teller Lecture

October 28, 2021

Teller Lecturer: Dr. Brent Park

Brent is a physicist, a retired national laboratory executive and a former Deputy Administrator for Defense Nuclear Nonproliferation at the National Nuclear Security Administration (DOE/NNSA). Prior to joining DOE/NNSA, Brent retired from Oak Ridge National Laboratory (ORNL) where he led and managed the science-to-application efforts for national security programs. Before ORNL, Brent was the director of NNSA's Remote Sensing Laboratory, where he led efforts to advance and field cutting-edge diagnostics and communications instruments in support of counterterrorism and radiological incident response for the nation.
