

CNTA Up & Atom Series Presents:

“Faster Times at SRNS”

Dennis Carr
President and Chief Executive Officer
Savannah River Nuclear Solutions, LLC

October 31, 2023

7:30am

Newberry Hall in Aiken SC

Dennis Carr is the President and Chief Executive Officer (CEO) of Savannah River Nuclear Solutions, LLC (SRNS), responsible to the Department of Energy (DOE) for safe, effective and efficient management and operations of the Savannah River Site (SRS). His responsibilities include providing vision, leadership, mission growth, technological advancement, and a performance-based culture of safety, security and operational excellence at the Site.

A Vice President with Fluor Corporation, Carr has over 40 years of experience in the execution of government projects in D&D, waste management, environmental restoration, maintenance services, and nuclear operations. He has served in a variety of senior management capacities, with Fluor supporting DOE facilities for more than 20 years.

Before being named President and CEO, Carr served as the SRNS Executive Vice President and NNSA Chief Operations Officer. Prior to this, he served as the Site Project Director and President of Fluor-BWXT, Portsmouth, at the \$5 billion Portsmouth Gaseous Diffusion Plant D&D Project. His responsibilities at Portsmouth included transition of the facility and its 2,000-person workforce from a private enterprise back to DOE as well as aligning the site's safety culture and management systems to DOE's Integrated Safety Management System.

\$20/person. Table of 8 for \$160
